What is Dev Club?

TJHSST 26-27 Activity Fair

BUILD together at Dev Club

- Dev Club is where people **learn** new web dev skills, **build** real projects, and **ship** finished projects to the world.
- Learn HTML, CSS, JS, React, Node.js, databases, and deployment.

What is Hack Club?

- Hack Club is a global community of high school coding clubs where people collaborate on projects together.
- Earn free prizes like laptops, iPads, 3D printers, and electronics from workshops, YSWS, and hackathons!

When and where do we meet?

- **Time:** every Wednesday during 8B from 3:20 to 4:00 (around 40 minutes).
- **Location:** second floor room 254 (Newman).
- Sign up on Ion!

Dev Club

Activity ID: 12

Room: Rm 254

Sponsor: Newman

Signups: 18/28

web development from front end to back end. Occasional internal contests to show off applications students have been working on.

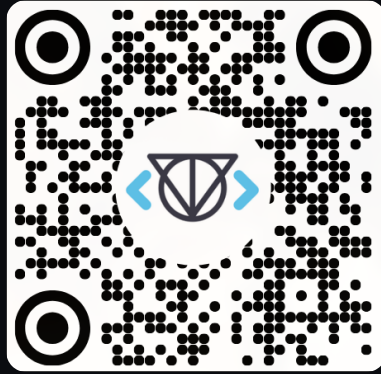

You are currently signed up for this activity.

Who can come?

- Experienced developers, curious beginners – anyone!
- Start from anywhere and learn at your own pace.
- Want to contribute? You can host guest lectures and mentor others!

</Welcome>
